Environmental Policy

Policy Statement

H. Walton Ltd was originally established back in the 1920s as Corn, Forage and Provender Millers based at Old Goole Mills, Goole, East Yorkshire.

H. Walton Ltd have built up experience and expertise over the years in the supply of animal feedstuffs delivered by their own fleet of lorries to provide a fast efficient service to all its customers including third party haulage, storage & packaging operations and prides itself on specialist knowledge and personal contact.

We are working with UK shippers gaining certification of sustainable soyabean production from non-Deforested regions of South American Countries.

While maintaining these high standards the family run business recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods.

Responsibility

H. Walton Ltd is responsible for ensuring that this environmental policy is implemented, and all employees have a responsibility in their area to ensure that the aims and objectives of this policy are met.

Policy Aims

We endeavour to:

Comply with all relevant regulatory requirements

Continually improve and monitor environmental performance

Continually improve and reduce environmental impacts

Increase employee awareness

Our aims are met by closely working with the local Authority, employees are encouraged to report direct to the directors (who have an open door policy) environmental issues.

The environmental policy forms part of the H. Walton Ltd HACCP team annual review and internal training program.

The business assures compliance to the following principles:-
Legislation, Safety, Security, Traceability & Good Practice
